Building Notes

- Build the handrails so a 36in baluster can be added
    - Attempt to reuse balusters from stairs
- Did not plan to put deck boards on handrails
    - Post will be kept high client will add a roof
- Use three stringers on stairs
- Posts holes not over concrete have to be “3 feet down”
    - (18-20 inches)
- Skirting will need to be installed
